

## NOTICE TO PARENTS

To maintain a safe and healthy environment in which children can learn, pesticides may be required to be applied periodically during the school year to control indoor and outdoor pests.

Because some individuals may have concerns regarding the use of these pest control products, the Patrick County School District has established a registry for those individuals who wish to be notified prior to the use of these materials in and around the school. Although the school will call the people listed on the registry or make every reasonable effort to notify them of any pending pesticide applications, situations may arise where the emergency use of a pesticide is required. Under such emergency situations, time may be inadequate to notify individuals prior to the pesticide being applied.

Should you have any questions about pesticides being used, including the types of pesticides used and the timing of treatments, please contact the principal of the school or  
Maintenance Director  
Patrick County Public Schools  
117 Via Avenue  
Stuart, Virginia 24171  
Phone 276-694-6984 In order to be placed on the Pesticide Notification Registry, please complete and return the following information.
