Patrick County Public Schools – SNOW ROUTES

With the winter season fast approaching we need to prepare for our student's safe travels. In the event of inclement weather, it may be necessary to use snow routes to transport students safely to and from school. If snow routes are used, buses will not travel the roads listed below. It is the parent's responsibility to transport their student(s) to the end of the road normally traveled. Please speak with your student's bus driver to determine the exact bus stop location when snow routes are used to ensure the safety of everyone.

If Patrick County announces that snow routes will be used in all or certain areas, the snow routes will be used for both A.M. and P.M. transportation.
